WALL GALLERY COLLECTIONS

FROM MEREDITH KLAPP PHOTOGRAPY

To tell your complete story, photographs should be shown in groupings. The Wall Gallery Collections are designed to do just that: illustrate the complete narrative of your family through a harmonious display that complements your decor, rather than competing with it. The Wall Gallery Collections frame your images in an expert array of sizes and shapes, perfect for displaying your experience in a modular, scalable arrangement.

Whether your style is classic, modern, beachy, or rustic, there is a Wall Gallery whose aesthetic reflects yours. From traditionally ordered straight lines to delightfully quirky asymmetry, these Wall Galleries are a starting point for creating your own collection of frames. All frames are hand crafted with love in the USA. All Collections come with mats and prints, and are ready to hang. These beautiful arrangements take the guesswork out of decorating your home or office walls.

Bottom line: why choose between your favorite images when you can have them all?
